

Simulated surgical procedure

# LASER PRECISION. NO INCISION.

Words every man wants to hear when  
it comes to treating his BPH.

That's why we offer GreenLight™ Laser Therapy—a minimally  
invasive option for the treatment of enlarged prostate. The  
advanced laser technology allows for a precise and targeted  
treatment in an outpatient procedure which may eliminate the  
need for ongoing medication for BPH.

**THINK YOU HAVE AN ENLARGED PROSTATE?**

Call and make an appointment with one of our urologists to  
learn if GreenLight™ Laser Therapy may be right for you.

Dr. Jerry Greenberg
